

HOURS OF REFLECTION AND PRAYERFUL MEDITATION

Hours of reflection and prayerful meditation in the furthest reaches of the missionary fields of Madagascar, where the seed of the Gospel Word “which fell on the earth” is productive in the hearts of the people and “brings forth much fruit”.

This life-giving and salvific sowing of the spreading of the Gospel transforms the barren land of human souls into a new creation, into a composition of the body of the Church, which is nourished by the Bread of Life, that is the food of the entire world.
